LETTER FROM THE EDITORS

Dear Reader:

On behalf of the Editorial Board and Staff, we proudly present Volume 14, Issue 1 of the *Health Law & Policy Brief* (HLPB). HLPB is an online publication run entirely by law students at American University Washington College of Law (WCL). Since its formation in 2007, HLPB has published articles on a wide variety of topics in the areas of health law, food and drug law, and emerging health technologies. Such topics include health care privacy and data security, health care fraud and abuse, medical malpractice, bioethics and regulation of human subjects research, global health law, and others.

HLPB also maintains a blog on emerging health law issues that can be found on our website at www.healthlawpolicy.org. Furthermore, HLPB organizes an annual symposium on an emerging health law topic featuring distinguished speakers. The next symposium will take place in March 2020 and we are currently in the process of finalizing event details. More information will be available on our website and on our LinkedIn page at the end of January 2020.

We would like to thank the authors for their hard work and cooperation in writing, researching, and editing their work. We would also like to thank HLPB's article editors and staff members who worked diligently on this issue. Their efforts are greatly appreciated, and we are proud of their work.

For more information about HLPB, or for questions on how to subscribe to our electronic publication, please visit our website at www.healthlawpolicy.org. We also encourage you to visit WCL's Health Law and Policy Program website for more information about health law studies at Washington College of Law.

Sincerely,
Mika & Erin
